Member Rate Change Notice

The G&W Water Supply Corporation Board of Directors held a public meeting on July 17, 2024, at 6:30 P.M. and voted to increase the monthly rates for water service for all Members. G&W Water Supply's last rate increase was effective on March 1, 2018. The decision to increase water service rates did not come lightly. Since 2020, G&W Water Supply Corporation, like many other WSC's, has taken on more capital expenses for newer infrastructure and continues to incur rising expenses needed to operate, maintain, repair and upgrade our system. We have a responsibility to our members and our community to continue to provide safe, potable drinking water while maintaining a fiscal responsibility as well. We remain committed to keeping our rates as low as possible, while remaining in accordance with industry standards.

The new monthly rates will begin starting with September 2024 billing. The rate changes are as follows:
